

# Honors For Veterans - 2015

Messiah Missionary Baptist Church

*and*

National Association of University Women  
Santa Monica Branch

---

# Overview

- Since the United States of America was created, our Armed Services have performed far beyond the Call of Duty to protect our honor as a country and our democratic goals and way of life.
- Since World War II, formal celebration and honors of the veterans of the U.S. Armed Services branches: Army, Navy, Marines, Air Force, Coast Guard, and National Guard, have been considered a National Holiday.

# Today's Service

- We of the members of Messiah Missionary Baptist Church and the Santa Monica Branch of the National Association of University Women again celebrate and honor our veterans.
- In November, 2015, we again joined together to offer our sincere gratitude for our veterans' service to our country.
- In this way we hope to teach our younger generations of what is *commitment* and the concept of *service without personal expectation of rewards*.

# Service to Community and Country

- In this spirit, through the celebration and honors of today, and from memories from 2015, we continue our special day.

# Veteran's Day 2015

- Join us in remembering our special day!
